HOW TO BLURB TO MARKET: WRITING A DESCRIPTION THAT HELPS YOU UNDERSTAND YOUR GENRE INSIDE AND OUT

with Bryan Cohen, Founder of Best Page Forward

WHAT DOES IT MEAN TO BLURB TO MARKET?

- The "Blurb to Market" concept combines Chris Fox's classic Write to Market system with a Best Page Forward-style blurb
- The idea is that if we can figure out the plot, setting, and other tropes of a book before we write it...
- We can save ourselves the frustration of having written a 60k-80k word book that's not written "to genre"
- The other side of this is that we can also learn more about the stories we have written and how to flesh out a stellar blurb that gets genre readers excited
- If we use it to improve our current blurbs and build a stronger foundation for our future books, then we can enjoy more book sales all the live long day

HERE'S WHAT YOU'LL LEARN

- How to research your genre to know whether or not there's demand
 - How to use the customer reviews to see what it is that readers expect from the subgenre
 - How to deconstruct genre tropes into story beats to give our book a better chance of making readers happy
 - How to use those beats to write a genre-specific blurb
- 

HERE'S WHAT YOU'LL NEED

- Your full attention
 - About 60 minutes for the teaching and 30 minutes for the Q&A
 - An open mind to a slightly different way to market your book
- 

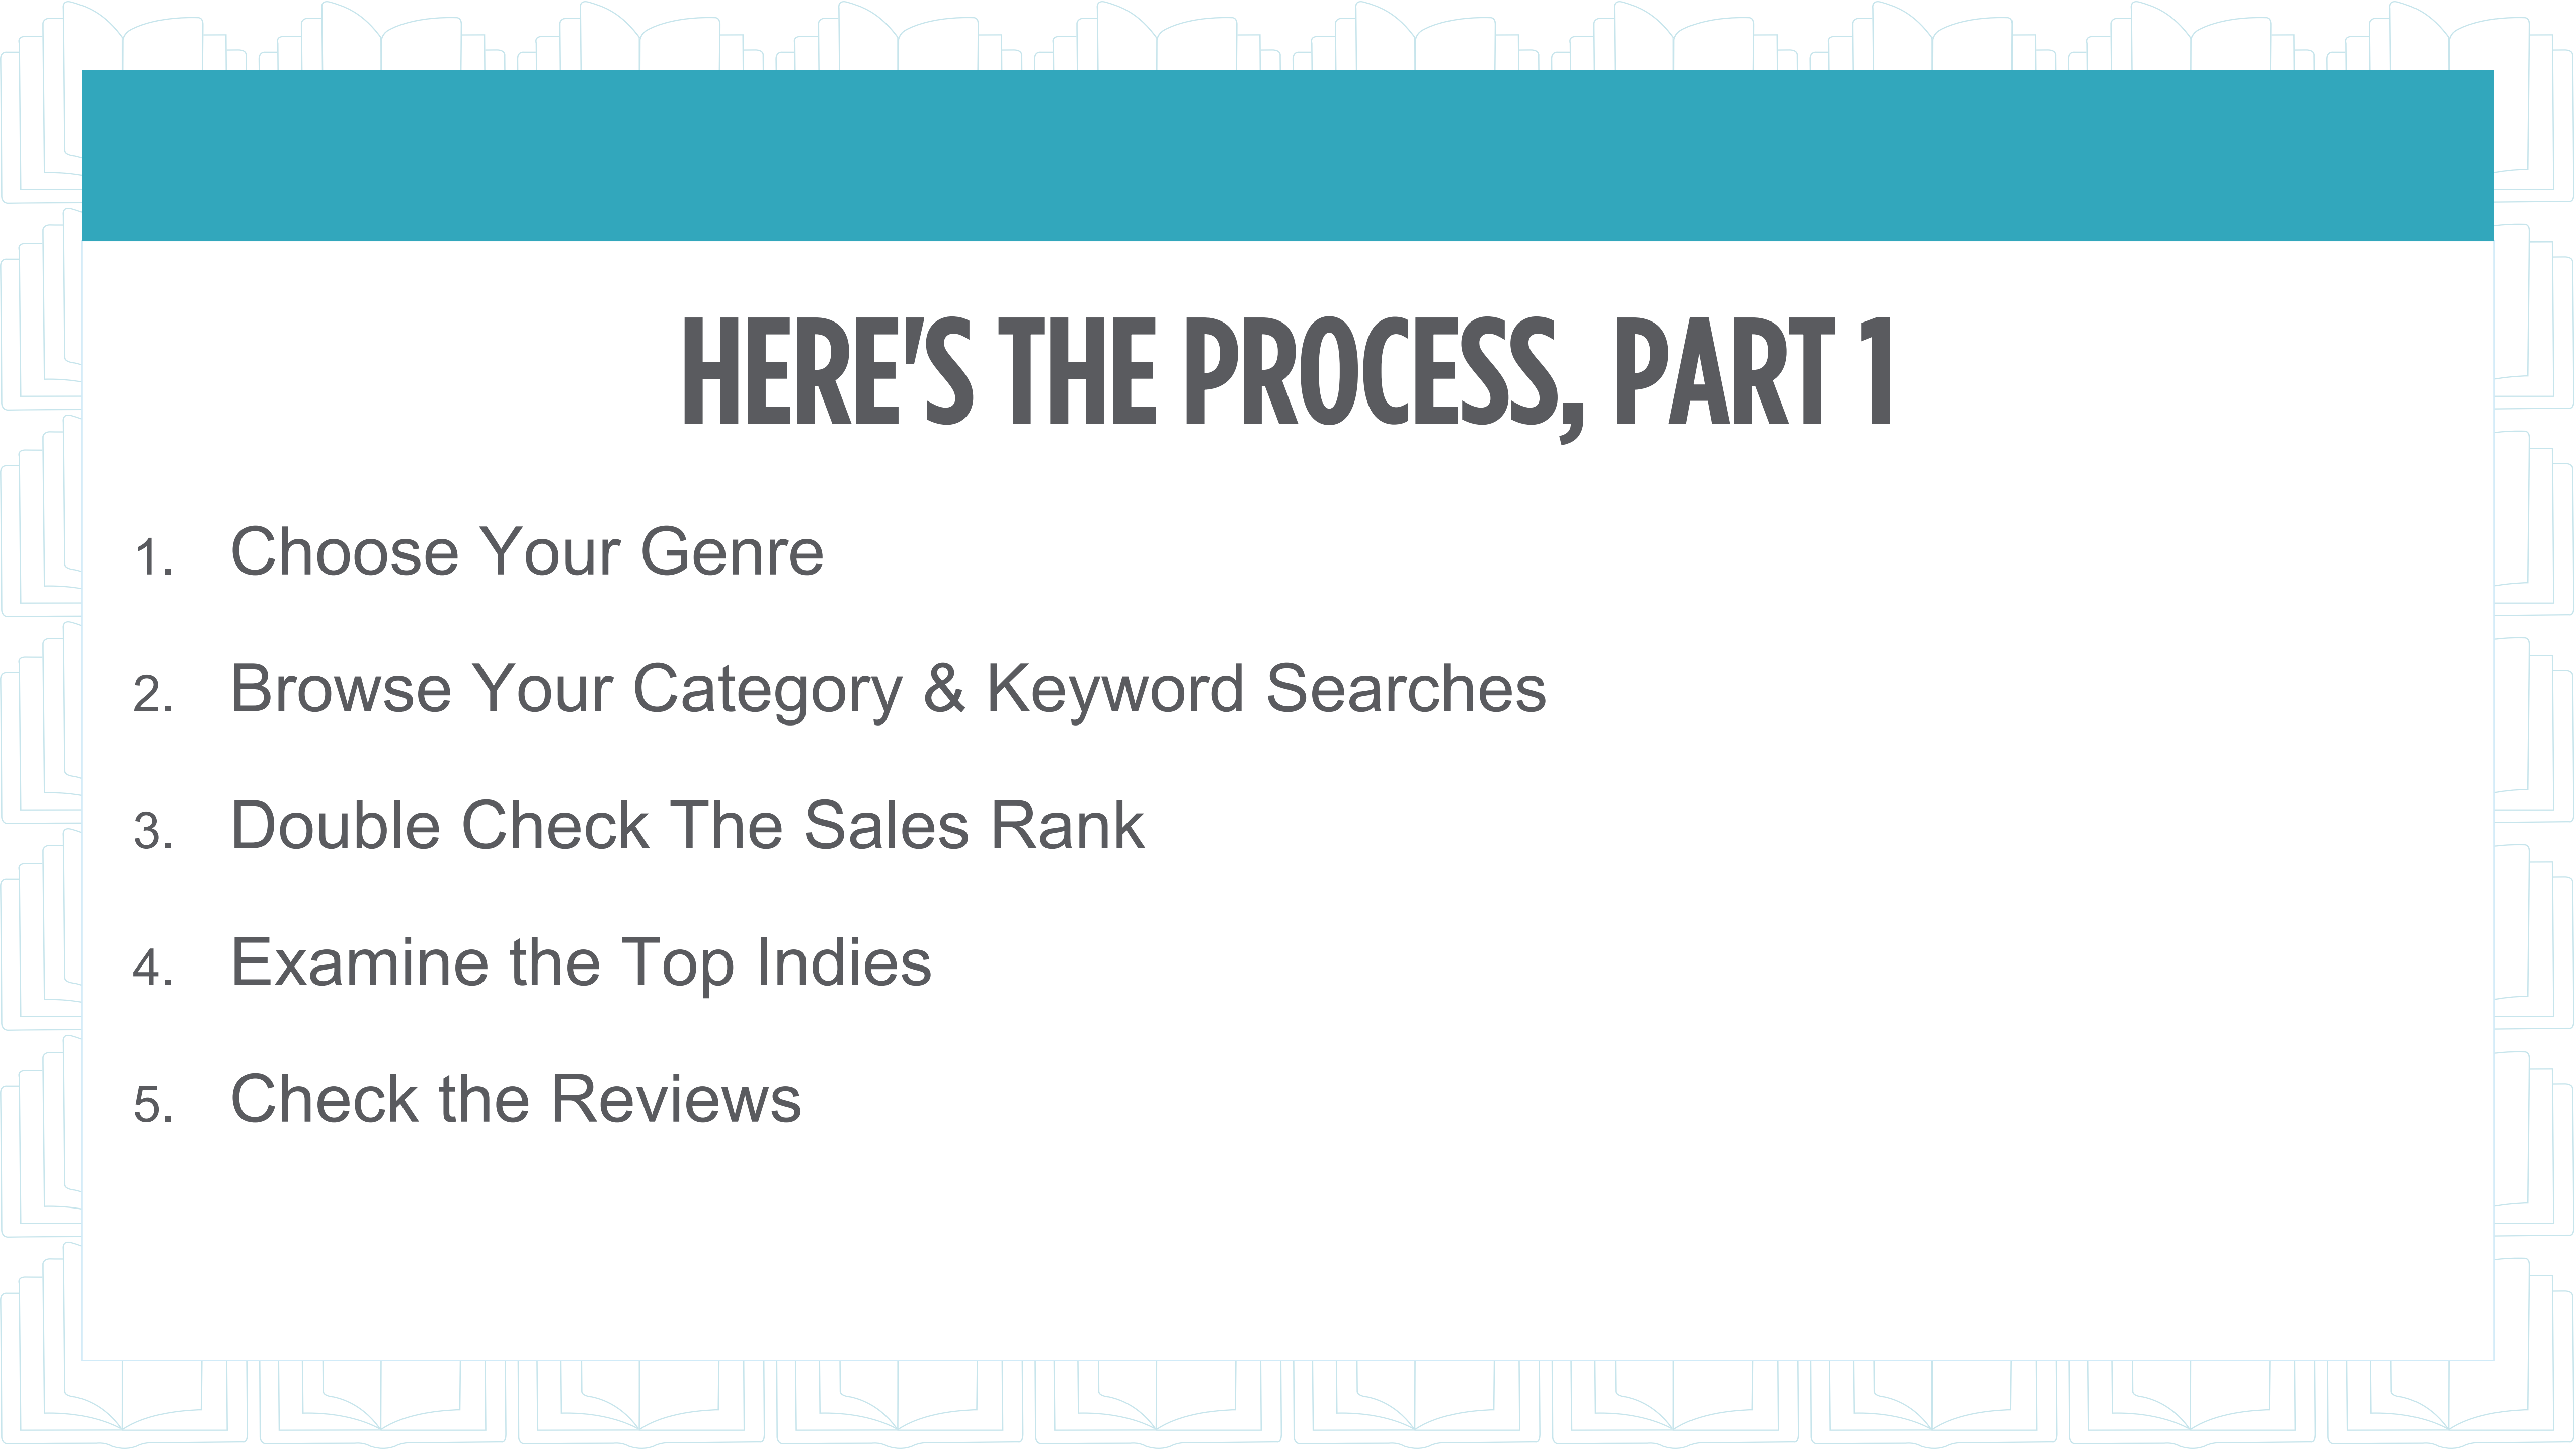

I HOPE YOU'LL STAY UNTIL THE END

- We'll have a Live Q&A to answer every single one of your questions
 - We'll also be announcing our extremely bonus-heavy Black Friday sale for Best Page Forward book descriptions
 - Lastly, halfway through the Q&A session, we'll give away a brand new cover and metadata package from Best Page Forward Plus (but you'll have to be there live)
-

★★★★☆ **Quick cozy mystery**

Reviewed in the United States on November 6, 2021

This is a great start to a fun new cozy mystery series, the Deepwood Witches Mysteries. This was a neat story about three witches in Deepwood, Orgeon. Emory Chastain owns a herbal shop in town and has a penchant for designer donuts from the shop next door. One day a distressed teenager came in her shop to talk about some visions that she has been having.

As the teen is there, a man staggers into the shop begging for help. He has been magically poisoned and dies there on the floor. The local police are no help because they don't understand the supernatural, despite living in a fairly witchy city. Soon, two more townspeople die, all with the same symptoms and magical signature attached. Emory along with her friends Lene, Veri and the handsome Noah, take the investigation on themselves.

I really enjoyed the pace of the story and it felt like a quick read. The characters are charming (ha ha) and I really am excited to read more about them. I would recommend this book to anyone who enjoys a witchy cozy mystery.

#6: LIST GENRE TROPES FOR STORY BEATS (PT. 1)

#6: LIST GENRE TROPES FOR STORY BEATS (PT. 2)

- How the character's life has changed after the inciting incident
- What the character must now overcome to get what they want

#8: REWRITE YOUR TROPES/BEATS

- Take your tropes that you wrote into beats from Step #6 and use transitions to stitch them together
- Examples: “When the whole world changed,” “After meeting his maker,” “Dancing his way to the top of the charts,” “As the tension between them builds,” etc.
- With your seven sentences, you’ll have what you need for a Hook and a six-sentence synopsis for your book description

PUTTING IT ALL TOGETHER

- We start with genre research to make sure we know that this is a type of book we like reading and that there's adequate demand
 - By poring over the reviews, we can see what it is that readers expect when they pick up a book from this subgenre
 - Then we can deconstruct those tropes into story beats that will ensure our book is "on genre" before writing Chapter 1
 - Lastly, we take those beats and we write a genre-specific book description to set our outline and ourselves up for success
- 

THERE ARE PLENTY OF USES FOR A BLURB

- In addition to writing a blurb to market, you can use a book description to spruce up a backlist title that needs better conversion rate
 - You can get a new description and then pull pieces out of it to use as ad copy for both Amazon and Facebook
 - You can get powerful hook that helps you get Book 1 readers excited to move on to Book 2 in the back matter
 - It's even possible to get a description ready ahead of publishing a new book so that it's looking as professional as possible ahead of your launch
 - The decision that must be made is whether you intend to write it yourself or hand it off to some seasoned veterans
- 

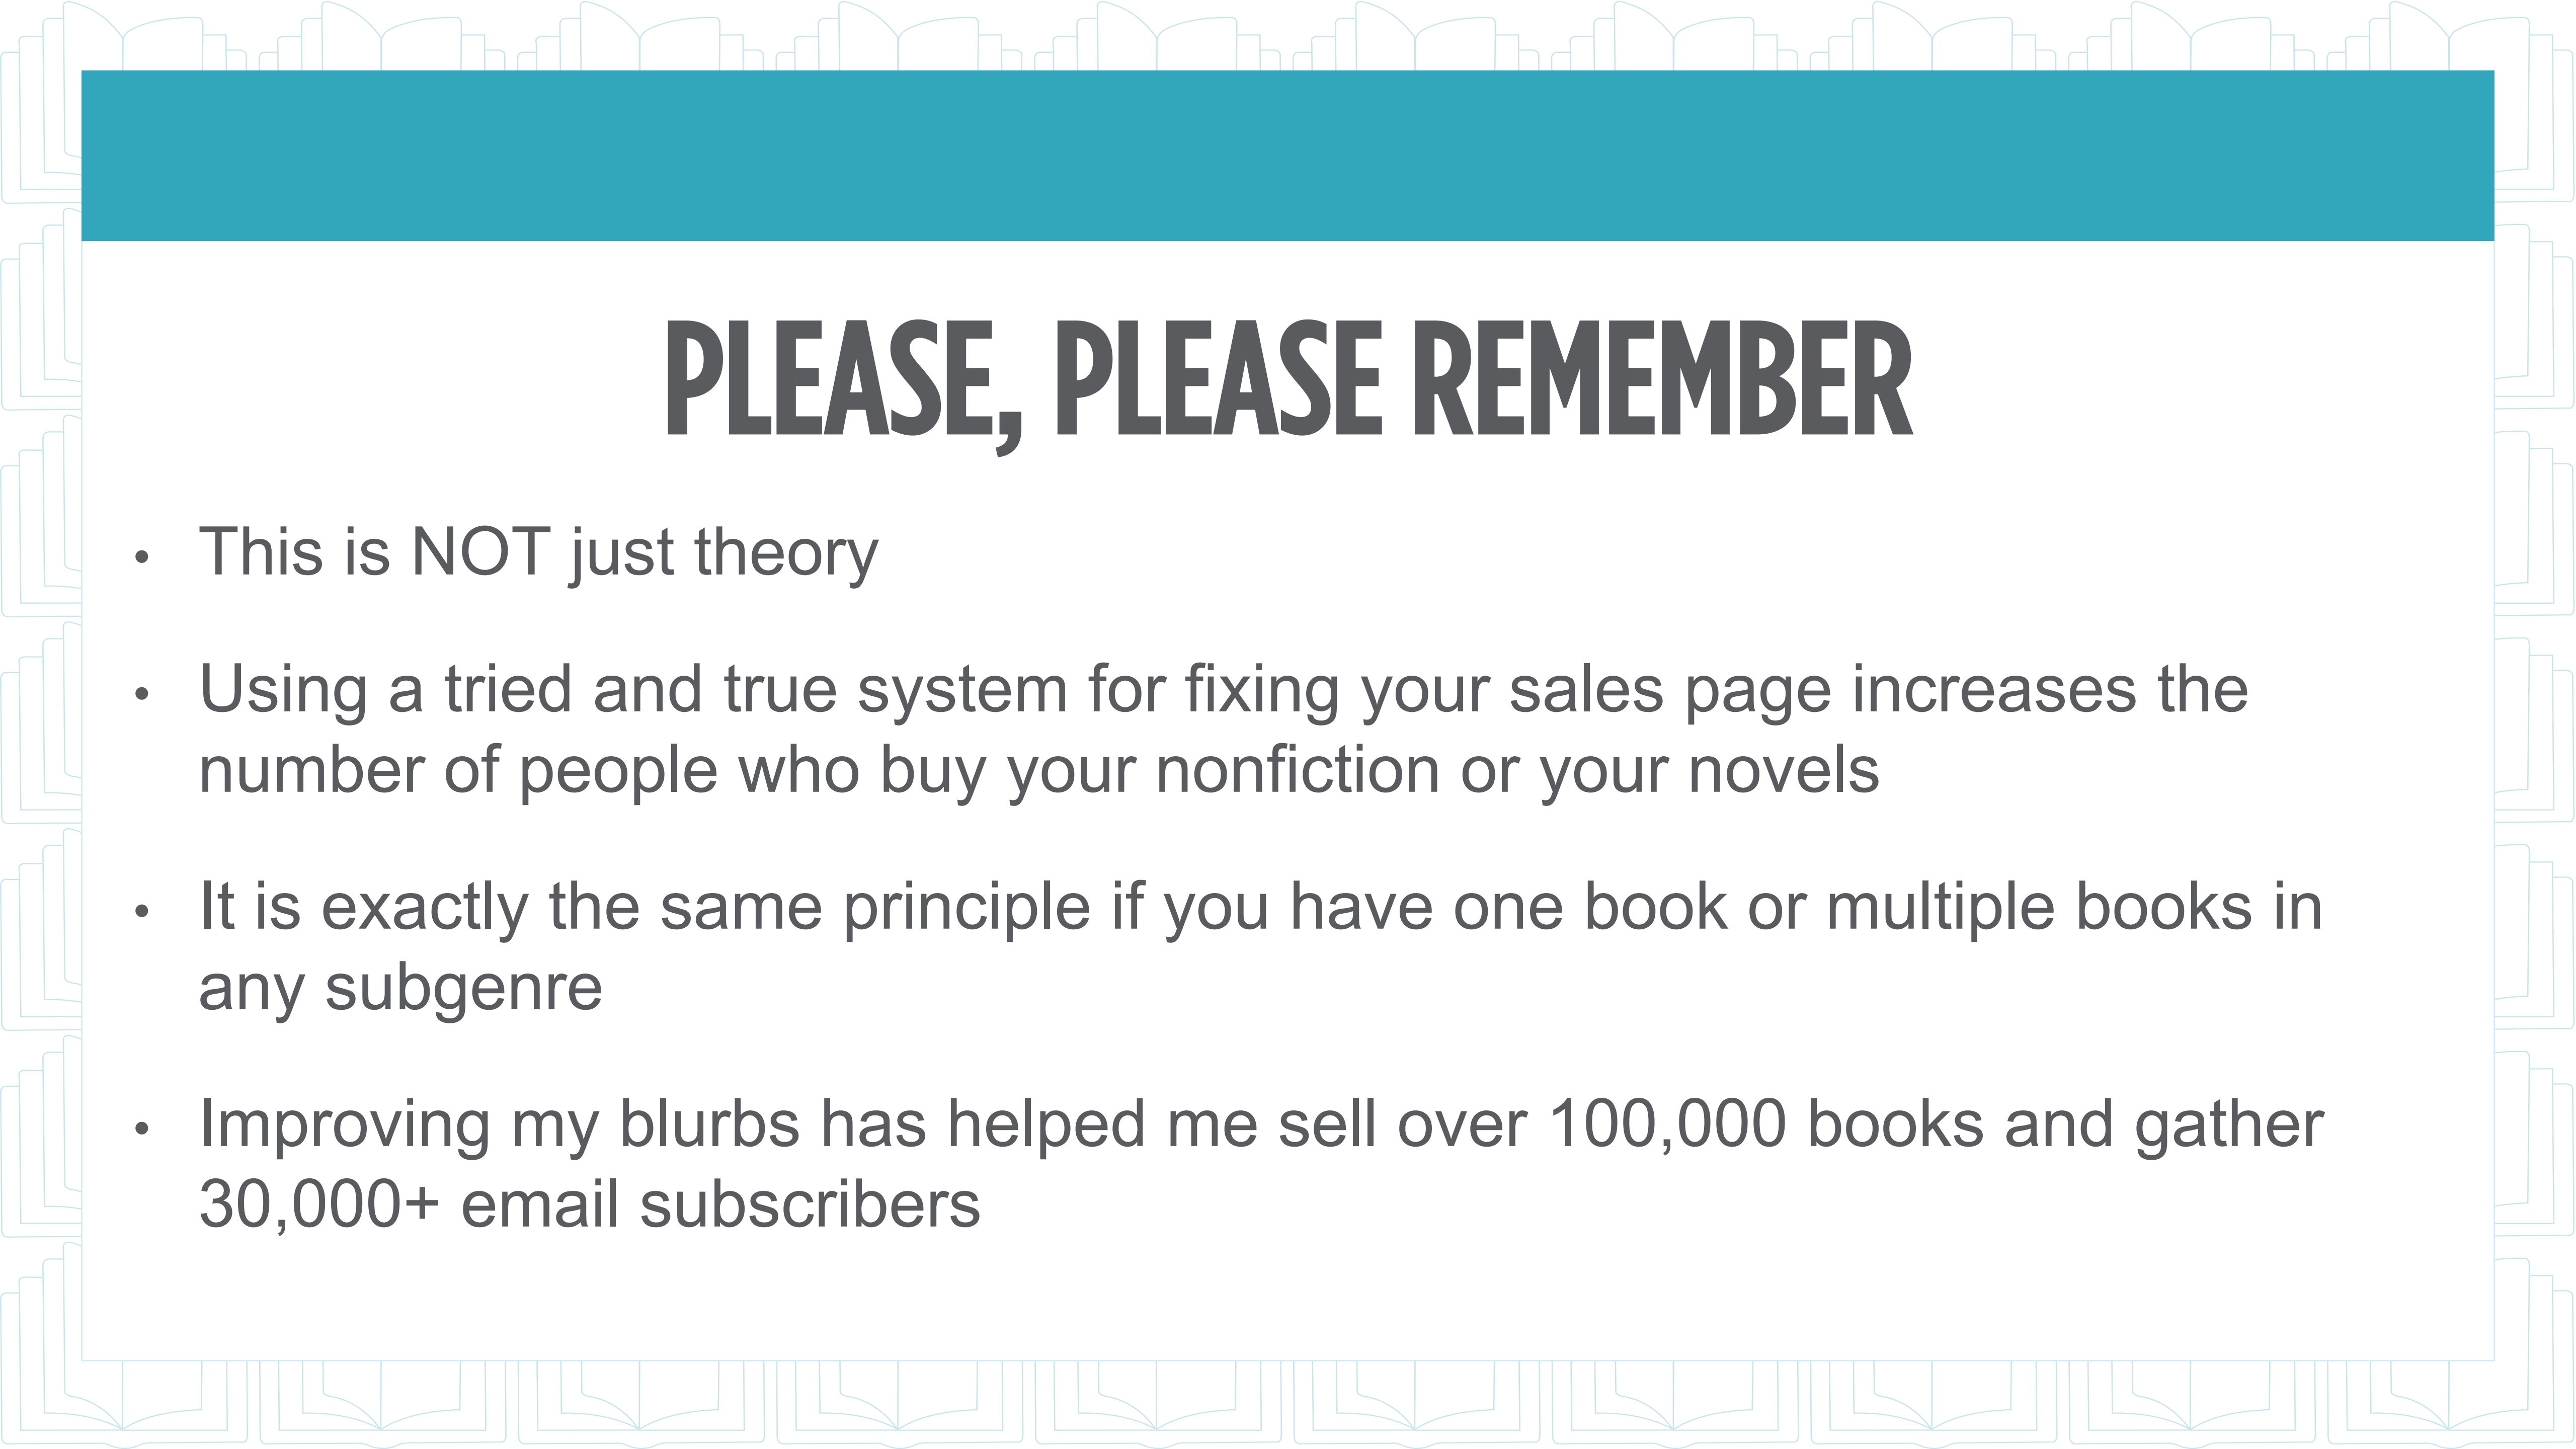

THIS ADVICE IS PERMANENT

- Marketing strategies will change from week to week...
 - But as long as you're selling books, you're going to have a sales page
 - If you want to improve your sales in the long term...
 - You need a solution that attacks the problem at the source
 - Like the tips you just learned
- 

PLEASE, PLEASE REMEMBER

- This is NOT just theory
 - Using a tried and true system for fixing your sales page increases the number of people who buy your nonfiction or your novels
 - It is exactly the same principle if you have one book or multiple books in any subgenre
 - Improving my blurbs has helped me sell over 100,000 books and gather 30,000+ email subscribers
- 

SO, WHAT'S THIS ALL ABOUT?

- It's about earning more money (and getting more lifelong fans) from launching (or relaunching) your nonfiction or novels
 - More money gives you the freedom to spend your time how you want it
 - That means getting rid of your soul-sucking day job and focusing on your passions
 - It's also about spreading your message throughout the world
- 

I'M NOT SURE WHY YOU SHOWED UP TODAY...

- I hope you really "get" the importance of your book description
 - An optimized sales page can increase your copies sold for the rest of your career
 - Going on my journey and discovering the importance of the sales page turned my life around
 - It's something YOU can do
 - You can in a shorter period of time than you'd think have more sales too...
- 

LAUNCHING, EMAILS, SERIES, AND BLURBS

- There's a lot to learn in this industry for sure, and whether you're starting a new series or you're giving an existing book a marketing makeover...
- You've got a lot to learn in the realm of launches, email marketing, getting additional readthrough, and more
- Many authors have told me that they've struggled to write blurbs (whether they're to market or otherwise)
- So at some point, you'll need to decide if it's worth getting your description to A+ level on your own or getting some help so you can focus on the many other launch, email, or series-related tasks

SO, THE OBVIOUS QUESTION IS...

- How do I get a better description to sell more books?
- You always have two options
- You can do it **slow** using trial and error and some of what I've taught here today
- Or you can do it **quickly** by having me and my team do the marketing work for you
- But I want your permission before I let you know the details. Type **YES** if you want to hear more.
